*Geocache Contest*
- 2:30-4:00 PM: **Geocache with GPS**
- 4:00-4:15 PM: **Lessons Learned**

# GeoGirls Event:

## Orienteering and Geocaching

### Supplies and Special Instructions :

- Each Participating Troop will need to bring supplies sufficient to make geocache items for the event (supplies for 10 small items for every two girls participating).
- Once at the event, girls will be divided into groups of two and will be required to construct 10 items for their team to hide in the geocaches.
- Geocache items can be constructed out of many different types of materials. No great expense should be taken, because the girls will be making their items. Creativity is key. A few ideas for supplies have been listed below:
  - Paper, magic markers, pencils, pens, glue, tape, glitter, card board, old magazines, plastic, yarn, beads, scissors, hole punch, popsicle sticks, etc.
- There will be a contest for the best Geocache items created and prizes will be awarded (i.e. Most Creative, Best Represents GS Mission, etc.).
- If possible, we would like a few adult volunteers to help us oversee the safety of the girls during the Geocaching Event from 2:30-4:00 PM.
